

บริษัท กรุงเทพทิพ จำกัด

KRUNGTEPTIPP

COMPANY PROFILE

VISION & MISSION

KRUNGTEPTIPP aims to remain ourselves as one of Thailand's leading manufacturers in the pharmaceutical and dietary supplement industry.

Our team is committed to maintaining a key development role in the industry and continuously producing herbal medicines and other natural products to support both domestic and international market, while also providing exceptional advice and alternative treatment.

ABOUT US

GENERAL

We are more than happy to provide services and support for our customers, so our customers' business can continue to grow in the health and other related industry.

FREE ADVICE - NO HIDDEN CHARGES!

"A TRUSTWORTHY MANUFACTURER"

Over 20 years of experience, collecting holistic knowledge in Thai herb industry, our companies have become trustworthy legitimate manufacturers. We strive our best to produce quality products such as Thai traditional medicines, instant food, herbal drink tea and dietary supplements, certified by Ministry of Industry (Thailand), Food and Drug Administration (FDA) - Ministry of Public Health (Thailand) and British Standards Institution or known as BSI.

MANUFACTURING STANDARDS

The business operates in a full range of manufacturing and packaging capabilities, incomparable research and development units and modern machinery and equipment. Our factories are GHP, HACCP and HALAL certified, controlled by experts throughout the manufacturing and packaging processes. Gamma Irradiation technology has been applied as one of the manufacturing process in order to kill microorganisms that might be contaminated. These manufacturing standards and technology ensure that all products are safe and clean.
